The report recommends that the proposition be denied. The report was adopted by a vote of 15 to 10. The delegates left for home tonight.

TRAIL OF BUTTE BANDITS

Rubber-Tired Carriage Has Been Located.

Butte, Mont., Feb. 13.—The officers here, who without doubt they have located the rubber-tired rig used by the bandits of the Burlington train. They are now diligently searching for the man who hired a carriage at St. Louis, Mo., and returned it within an hour and a half after the robbery. The bandit who was seen in the carriage was seen with a man who was seen in the carriage. The police today arrested Joe Kirby and George Cole as suspects. Kirby was seen in the carriage and gave the officers a run. He was armed with a revolver.

WANTS AN APOLOGY.

Shubba Minister Asks One of Senator Morgan.

Mexico City, Feb. 13.—The Mexican minister of the following telegram sent to Senator Morgan at Washington by Gen. Rafael Reyes, minister of the interior, in this capital: "Mexico City, Feb. 13.—To Senator Morgan, Washington—I read in today's newspaper that in a session of the senate on the 12th inst. you declared that

Miss Josephine Lane,

A Society Leader of Boston.

After Five Years' Suffering from Backache and Kidney Trouble Was Restored to Health by

WARNER'S SAFE CURE.

MISS JOSEPHINE LANE.

"I suffered for over five years with malaria and kidney trouble—my whole system was impregnated with the poison. It affected my general health, robbing me of energy and vitality, and causing severe headache and backache. The digestive system was also impaired, so my food seemed tasteless and like lead in my stomach. I passed a dreary existence and my naturally happy disposition was changed into one of constant irritation and nervous irritability. "Warner's Safe Cure was the only remedy ever found which helped me. I began to feel like a new woman, full of life and hope. "I cannot tell how pleased I am to have my health back. I have a keen appetite and enjoy my meals; digestion is perfect. All my aches and pains have disappeared. I have gained nine pounds in weight. I feel in harmony with the world and I am now perfectly well." Very sincerely, MISS JOSEPHINE LANE, 1212 Belmont Ave., Boston, Mass.

"If after you have made this test, you have any doubt in your mind as to the condition of the disease in your system, send a sample of your urine to the Department of the Urine, Warner's Safe Cure Co., Rochester, N.Y. They will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and prostate, and treatment for each disease. "All letters from women, read and answered by a woman doctor. All correspondence in strictest confidence. "Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It builds up the body, gives strength and restores energy. You can buy Safe Cure at any drug store or by mail. It is guaranteed. "Be careful of so-called kidney cures which are full of sediment and of bad odor—these are generally harmful and do not cure. "Warner's Safe Cure moves the bowels gently and aids a speedy cure."

A recent chief executive of the Colombian government had sold out and abdicated for \$1,000,000. According to the Colombian constitution the chief executives are the president and vice president. The last president was Senator San Clement, a venerable old man of over 80 years, whose reputation for integrity is widespread in all Spanish-American nations, and who died a few months ago, and the vice president in charge of the executive office at the present time is Senator Manuel Marroquin, whose uprightness is as well known as that of the former. Neither of the two abdicated and, therefore, the charge you have uttered is false. I must suppose, having regard to the respect which is due to the senate of the United States and to all nations of the globe, to your own age and integrity and to justice and truth, that in making the assertion in question you have given credence to false and malicious reports, the origin of which I invite you to publish. And I must expect that, acting with the courage and sturdy honesty of the men of the school of George Washington, among whom the present executive chief of your nation, that you will, in fairness, fulfill your duty of rectifying a charge as injurious as false against my country. "Colombian Minister to Mexico."

Cold in Southern California.

San Francisco, Feb. 13.—Unusually cold weather prevails over the lower half of the Pacific slope. In California the thermometer ranges from four to thirty below normal. In southern California orange groves are smudging freely.

Cool Reception to Chamberlain.

Cape Town, Feb. 13.—Mr. Chamberlain today reached the town of Grahamstown, situated in a wholly Dutch district, which was the center of operations during the war. A hostile reception had been planned, but at the last moment the intention was abandoned. Nevertheless, the welcome extended to the colonial secretary was anything but cordial. The Dutchmen held aloof from the British and functions. Many of them openly paraded red flags.

Extremely Cold at Dawson.

Seattle, Wash., Feb. 13.—The weather has been extremely cold at Dawson for the past fifteen days, the thermometer going as low as 96 degrees below zero. The country is covered with a thick, dry fog, making it almost impossible to see even in the middle of the day. A fuel famine adds to the discomfort of the situation. There is plenty of cord wood near Dawson, but the teamsters will not haul it in during the hard weather.

PAT CROWE IN LIVERPOOL.

Is Employed as Solicitor for a Wholesale House.

Omaha, Neb., Feb. 13.—J. J. Crowe of Council Bluffs, Ia., has received a letter from England stating that Pat Crowe, his brother, alleged to have been connected with the kidnapping of Eddie Cudahy, is now in Liverpool. The letter states that Pat is employed as a solicitor for a wholesale house and is receiving \$200 per month salary. In writing the relative says that when Pat left this country he went directly to England, where, under an assumed name, he enlisted in the English army and was sent to South Africa.

Man Who Ran Against Lincoln.

Chicago, Feb. 14.—John Alsberry, who was known in central Illinois as the "man who ran against Lincoln for the legislature," is dead, at the county poor farm at Buffalo, Ill. Mr. Alsberry was 83 years of age. He came to this state in 1830. Because of his simplicity Alsberry had considerable of a following and when Lincoln was nominated for the legislature in 1846 he was selected to run against him. He was a Populist and was the Populist nominee for Congress in 1896.

Conrad Succeeds Grau.

New York, Feb. 14.—The Metropolitan Opera House and the clientele in other parts of the house who pay a total of nearly \$100,000 annually into the box office to hear grand opera, can rest assured that there is to be, after all, an opera season next winter, says the Herald.

Archbishop Feehan's Will Lost.

Chicago, Feb. 14.—The will of the late Archbishop Patrick A. Feehan, died in the probate court Aug. 14 last, has been lost. Whether it was stolen from the files in the office of the clerk of the court or was mislaid has not been determined.

Hope of finding the instrument was not abandoned by the officials of the court until March, and then a two-month search of the files in 11 vaults. It is probable that, as there is no contest among the several legatees under the will, which disposed of the archbishop's personal fortune to members of his family and old servants, one of several copies which were made of the original will be offered in court.

Run Down by Express Train.

New York, Feb. 14.—Unable to save himself because his foot was caught between the cattle guard and the rail, an unknown man was run down by an express on the Long Island railroad yesterday and instantly killed. A score of workmen who tried to free the man were forced to save themselves, to leave him to his fate.

When all efforts to release him failed, the man became wildly excited and screamed, forgetting that he could release his foot by unlatching the shoe. The laborers were trying to force the rail with crow-bars when the whistling of the express was heard. It was desperate work, but in vain. Even the signals to stop the train were of no avail. The train ran down on the man now paralyzed with fear. His body was thrown high in the air and crushed beyond recognition.

Boys Save a Woman from Drowning.

New York, Feb. 14.—Louis Weigum of the training ship St. Mary's, lying in the East river, saw a woman jump from a ferry boat yesterday. He jumped into the water and immediately they were off. The 60 yards to the side of the drowning woman were covered in a jiffy. She was dragged aboard and taken to the training ship.

Control of Immigration Affairs.

New York, Feb. 14.—Commissioner William Williams of the bureau of immigration, who has just returned from Washington, where he appeared before the senate committee to argue for certain clauses which he wants inserted in the new immigration law, says that it is virtually settled that the immigration department will be under the control of the department of commerce. "This is the logical department to control immigration affairs instead of the treasury department," he said. "The matter rests entirely with the president now, and he is in favor of the change."

BLIZZARD IN WYOMING.

It is Over but is Followed by Extreme Cold.

Cheyenne, Wyo., Feb. 14.—The blizzard which has been over Wyoming for the past three days is over, but has been followed by weather so intensely cold that stockgrowers, especially sheepmen are very apprehensive.

This Way Will Cure Else I'll Pay Your Bill Myself.

I will cure you—as I have half a million others—and take all the risk myself.

I will furnish you the utmost that medicine can do; and unless it succeeds it shall be absolutely free.

Simply send me this coupon or write me a postal-stating which book you need. I will then mail you an order-good at any drug store—for six bottles Dr. Shoop's Restorative. You may take it a month on trial. If it succeeds, the cost is \$2.50. If it fails, I will pay your druggist myself, and your mere word shall decide it.

You see this offer everywhere, all the time; and thousands every week are accepting it. And you must realize that I am curing those thousands, else the offer would ruin me.

You who are hesitating are wronging yourselves. You can have health for the asking. And I know from a vast experience that most of you must get my help to get well. The reason is that my Restorative strengthens the inside nerves. It is the result of a lifetime's study in learning how to bring back this power that operates all vital organs.
